JUNIOR FRONTEND DEVELOPER / JUNIOR REACT DEVELOPER

I am a physics graduate who specialised in frontend development and I am looking to start working in **Javascript and HTML/CSS**. I have good knowledge of the very popular framework **React** and experience with APIs and SEO optimisation, as well as the creation of highly responsive apps.

TECHNICAL SKILLS

Languages : JavaScript, HTML/CSS
Frameworks : React.js
Libraries : Bootstrap
Dev Tools : Visual Studio Code, GitHub

EXPERIENCE

In-person marketing Jan 2023 – June 2023
D•ONE srl *In person – Bologna, Emilia Romagna, Italy*

- Was in charge of marketing for one of D•ONE's clients in Bologna, initially as a trainee, then with other people under me.
- Got a full training in direct marketing techniques and communication with the client.
- Obtained excellent sales for my team during working hours.

Team member, teacher and marketer Jul 2018 – Mar 2020
FadiK Dance *London, UK*

- Worked weekly in dance classes as a teacher, both alone and with assistance.
- Was co-responsible for marketing the classes and the yearly dance festival which attracts international crowds every year.

EDUCATION

Conservatorio G.B. Martini Bologna, Emilia Romagna, Italy
Biennio in Canto Lirico *Nov 2020 - Nov 2022*

King's College London London, UK
Bachelor of Science (Hons) in Physics and Philosophy *Aug 2015 – Dec 2019*

CERTIFICATIONS

- Certified Frontend Web Developer by SheCodes
